OUR VISION

We envision a future where logistics and supply chains are not just a necessity but a strategic advantage for our clients. By leveraging technology, a global network, and sustainable practices, we aim to set new standards in the logistics industry and contribute to a world where businesses of all sizes can access reliable and efficient transportation solutions.

Oceanus Line
And Container Logistics LLC

OUR MISSION

Our mission is simple yet ambitious to be the most reliable and customer-focused logistics provider, delivering unmatched service through our expertise, innovation, and dedication to customer satisfaction.

We aim to simplify and optimize the supply chain for every client, allowing them to focus on growth and success while we handle the logistics.

ABOUT US

At Oceanus Line & Container Logistics LLC, we specialize in providing reliable and efficient ISO tank solutions for the safe transportation of bulk liquid cargo, including chemicals, food-grade liquids, and other specialized products. Our ISO tanks are designed to meet the highest international safety and quality standards, ensuring the secure handling and delivery of your shipments across global markets. With a focus on reliability, innovation, and sustainability, we offer customized logistics solutions that cater to the unique needs of our clients, delivering excellence in every journey.

Why Choose Us

- Safety First: Adhering to international safety standards for the secure handling of cargo.
- Reliability: Timely delivery and a commitment to maintain the integrity of shipments.
- Sustainability: Promoting eco-friendly practices throughout operations.
- Customer-Centric Approach: Building long-term partnerships with service and support .
- Operating close to 850 ISO Tank containers in the Middle East, Indian Subcontinent, South East Asia ,

Far East, Africa, Europe and Red sea ports & other areas on case to case basis. Further to expand by adding more tanks so that by end of this year to be operated at least 1000 ISO tanks.

OUR CORE SERVICES

NVOCC

ISO Tank Operator

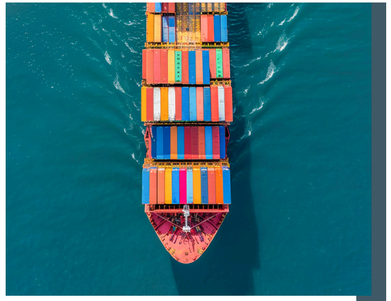

Agency Representation

Project Cargo

Supply Chain Services

NVOCC

(Non-Vessel Operating Common Carrier) Services

Oceanus Line & Container Logistics LLC offers comprehensive NVOCC (Non-Vessel Operating Common Carrier) services, providing clients with seamless and efficient ocean freight solutions without the need to own or operate vessels. As an NVOCC, we specialize in arranging, consolidating, and managing containerized shipments across global trade routes, making it easier for businesses to ship goods worldwide. With our extensive network, strong relationships with ocean carriers, and commitment to efficiency, Oceanus Line simplifies complex shipping processes, delivering cost-effective solutions tailored to client needs.

ISO

Tank Operator

As a dedicated ISO Tank Operator, Oceanus Line & Container Logistics LLC specializes in the safe and efficient transportation of bulk liquids, including chemicals, foodgrade products, and industrial liquids. Our state-of-the-art ISO tanks meet stringent international safety standards, ensuring the secure handling and delivery of your cargo. With a focus on reliability and customized logistics, we deliver exceptional service tailored to your business needs.

Shipping

Agency Representation

At Oceanus Line & Container Logistics LLC, we pro-vide comprehensive Shipping Agency Representation Ser-vices, acting as a reliable partner for tank operators, dry container operators, and reefer operators.

From port coordination, cargo handling, and do-cu-mentation to last-mile delivery, we ensure smooth and efficient operations at every stage. We also provide safe inventory management for our principals and actively identify reload opportunities to high-demand destina-tions, helping optimize container utilization and opera-tional efficiency.

With a strong focus on efficiency, transparency, and professionalism, our experienced team delivers seam-less support and reliable solutions to enhance your shipping and logistics experience.

Freight
Forwarding Services

At Oceanus Line & Container Logistics LLC, our freight forwarding services are designed to make global shipping straightforward, cost-effective, and reliable. With extensive industry knowledge and a vast network of global connections, we provide end-to-end freight solutions tailored to meet the specific requirements of each client. Here's an in-depth look at how our freight forwarding services support businesses stream lining their supply chain operations.

Project and Specialized Cargo Management

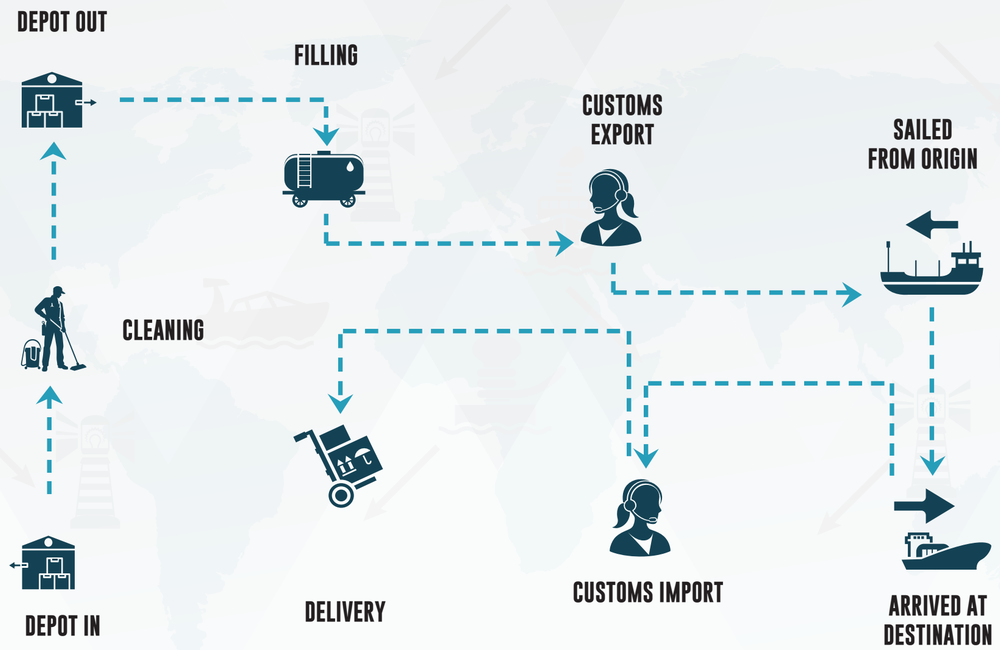

At Oceanus Line & Container Logistics LLC, we excel in Project and Specialized Cargo Management, offering customized solutions for the transportation of oversized, heavy, or complex shipments. Our expertise covers end-toend planning, route optimization, and secure handling, ensuring your cargo reaches its destination safely and efficiently. With specialized equipment, experienced professionals, and a commitment to excellence, we deliver reliable and tailored logistics for industries worldwide.

Supply Chain Management Services

At Oceanus Line & Container Logistics LLC, we understand that an efficient supply chain is critical for operational success. We offer comprehensive Supply Chain Management (SCM) services to streamline logistics, optimize resource allocation, and ensure seamless end-toend delivery of goods. By leveraging cutting-edge technology, advanced analytics, and an extensive global network, we provide customized solutions that address the unique requirements of each client, maximizing efficiency while reducing costs.
